I. Definitions

“Adverse Determination” means a determination made by us that a health care service has been reviewed and, based upon the information provided, is not medically necessary or appropriate.

“Grievance” means a written complaint submitted by an insured person or a person, including, but not limited to, a provider, authorized in writing to act on behalf of the insured person regarding benefits or claims payment, handling, or reimbursement for health care services covered under this plan, including adverse determinations.

II. Levels of Review

The following levels of review will be available to an insured.

Expedited Internal Appeal Review - for appeals of an adverse determination involving an emergency or life-threatening situation. The expedited appeals process is not applicable to retrospective reviews.

Standard Appeal Review - for appeals of an adverse determination involving a prospective or retrospective review not meeting the criteria of an emergency or life-threatening situation.

These levels of review are discussed more fully below.

A. Expedited Internal Appeal

An expedited internal appeal process is available for review of an adverse determination involving an emergency or life-threatening situation. The expedited appeals process is not applicable to retrospective reviews, i.e., after the services have already been performed. This process is only applicable to those emergency situations where treatment has not yet been rendered.

A request for an expedited internal review shall be made by fax or telephone to the number(s) shown above. The appeal will be reviewed by a licensed provider and a decision concerning the review will be completed within forty-eight hours of receiving notice of the request for expedited review and the receipt of all necessary information.

Expedited appeals that do not resolve a difference of opinion may be resubmitted through the standard internal appeal process.

B. Standard Internal Appeal Review

Appeals concerning a grievance may be submitted in writing, via email or by telephone by an insured, their designee or their health care provider. The complainant will be kept apprised as to the status of the complaint in a timely fashion. In no event however, will the final determination be made later than 30 calendar days after receiving the formal written grievance.

III. Written Decision

When a decision is issued from an internal level of review, the following information will be included in the written decision:

1. a description of the health care services that were denied, including, the dates of service and the name of the provider;
2. the reasons for the determination; provided, however, that where the adverse determination is upheld on appeal, the notice shall include a clear statement describing the basis for this decision and your ability to request the clinical rationale;
3. a clear statement that the notice constitutes the final adverse determination; and
4. a contact name and telephone number you can contact with questions.

NOTICE CONCERNING COVERAGE UNDER THE TENNESSEE LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION ACT

Insurance companies and health maintenance organizations (HMOs) licensed in this state to write life insurance, annuities or health insurance are members of the Tennessee Life and Health Insurance Guaranty Association. The purpose of this association is to provide a safety-net of coverage, within limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the Guaranty Association will assess its other member insurance companies for the money to pay the claims of the insured persons who live in the state and, in some cases, to keep coverage in force. The valuable extra protection provided by these insurers through the Guaranty Association is not unlimited, however. And, as noted below, this protection is not a substitute for consumers' care in selecting companies that are well-managed and financially stable.

The state law that provides for this safety-net coverage is called the Tennessee Life and Health Insurance Guaranty Association Act. The following is a brief summary of this law's coverage, exclusions and limits. **This summary does not cover all provisions of the law or describe all of the conditions and limitations relating to coverage. This summary does not in any way change anyone's rights or obligations under the act or the rights or obligations of the Guaranty Association.**

COVERAGE

Generally, individuals will be protected by the Life and Health Insurance Guaranty Association if they live in this state and hold a life or health insurance contract, HMO contract, or an annuity, or if they are insured under a group insurance contract issued by an insurer authorized to conduct business in Tennessee. Health insurance includes disability and long term care policies. The beneficiaries, payees or assignees of insured persons are protected as well, even if they live in another state.

EXCLUSIONS FROM COVERAGE

However, persons holding such policies are not protected by this Guaranty Association if:

- (1) they are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
- (2) the insurer was not authorized to do business in this state;
- (3) their policy was issued by a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policyholder is subject to future assessments, or by an insurance exchange.

The Guaranty Association also does not provide coverage for:

- (1) any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as a variable contract sold by prospectus;
- (2) any policy of reinsurance (unless an assumption certificate was issued);
- (3) interest rate yields that exceed an average rate;
- (4) dividends;
- (5) credits given in connection with the administration of a policy by a group contractholder;
- (6) employers' plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them);
- (7) unallocated annuity contracts (which give rights to group contractholders, not individuals).

LIMITS ON AMOUNT OF COVERAGE

The act also limits the amount the Guaranty Association is obligated to pay out. The Guaranty Association cannot pay more than what the insurance company would owe under a policy or contract. For any one insured life, the Guaranty Association guarantees payments up to a stated maximum no matter how many policies and contracts there were with the same company, even if they provided different types of coverage. These aggregate limits per life are as follows:

- \$300,000 for policies and contracts of all types, except as described in the next point
- \$500,000 for basic hospital, medical and surgical insurance and major medical insurance issued by companies that become insolvent after January 1, 2010

Within these overall limits, the Guaranty Association cannot guarantee payment of benefit greater than the following:

- life insurance death benefits - \$300,000
- life insurance cash surrender value - \$100,000
- present value of annuity benefits for companies insolvent before July 1, 2009 - \$100,000
- present value of annuity benefits for companies insolvent after June 30, 2009 - \$250,000
- health insurance benefits for companies declared insolvent before January 1, 2010 - \$100,000
- health insurance benefits for companies declared insolvent on or after January 1, 2010:
 - \$100,000 for limited benefits and supplemental health coverages
 - \$300,000 for disability and long term care insurance
 - \$500,000 for basic hospital, medical and surgical insurance or major medical insurance

NOTE

The Tennessee Life and Health Insurance Guaranty Association may not provide coverage for this policy. If coverage is provided, it may be subject to substantial limitations or exclusions, and require continued residency in Tennessee. You should not rely on coverage by the Tennessee Life and Health Insurance Guaranty Association in selecting an insurance company or in selecting an insurance policy.

Coverage is NOT provided for your policy or any portion of it that is not guaranteed by the insurer or for which you have assumed the risk, such as a variable contract sold by prospectus.

Insurance companies or their agents are required by law to give or send you this notice. However, insurance companies and their agents are prohibited by law from using the existence of the Guaranty Association to induce you to purchase any kind of insurance policy.

PAYMENT OF PREMIUMS. The first premium will be due on the Policy Effective Date to cover the period from that date to the first Premium Due Date. Other premiums will be due on or before each Premium Due Date. Premiums are payable at our Home Office or at some other location to which we and the Policyholder agree.

PREMIUM DUE DATE. The Premium Due Date will be the first day of the month that falls on or after the Policy Effective Date. If we agree with the Policyholder to the payment of premiums on a basis other than monthly, the Premium Due Date will be fixed to match the correct basis. If there is a change in the method of payment or Premium Due Date, a pro-rata charge in the premium due will be made.

PREMIUM STATEMENTS. The premium due as of any Premium Due Date is the number of units in force on such date for each type of insurance multiplied by the rate shown in the Table of Premium Rates. A premium statement will be made as of the Premium Due Date showing the premium payable. If premiums are payable on other than a monthly basis, each statement will show any pro-rata premium charges and credits in the last premium period due to changes in the number of Insureds and in the amount of insurance for which people are insured. This is subject to the rules below.

SIMPLIFIED ACCOUNTING. The premium will start on the Premium Due Date falling on or after the date the insurance or the increase in the insurance is effective for: a) a person becoming insured; or b) an increase in the amount of insurance on any person. The premium will stop on the Premium Due Date falling on or after the date of termination of insurance or through the date of service of the last paid claim. There will be no pro-rata charges or credits for a partial month. If premiums are payable other than monthly, charges and credits will be figured as though the Premium Due Date is monthly.

We will be liable for the return of unearned premiums (premium for the period which claims were not paid) to the Policyholder only for the 6 months before the date we receive evidence that a return is due.

ADJUSTMENTS IN PREMIUM RATES. We may change the rates shown in the Table of Premium Rates by giving the Policyholder at least 120 days advance written notice. We may change the rates at any time the Schedule of Benefits, or any other terms and conditions of the policy, are changed. We will not change the rates until the Renewal Date shown on the policy cover or more than once in any 12 month period thereafter, unless there is a change in the Schedule of Benefits or a change in any other terms and conditions in the policy.

Notwithstanding the above, We the Company reserves the right to change any one or more of the rates prior to the Renewal Date or more than once in any 12 month period thereafter upon the occurrence of any one or more of the following:

1. We determine that the average number of dependent children for each Insured with Dependent coverage exceeds 4.0; and/or
2. We determine that the number of Insureds is less than 80% of those Insureds initially enrolled under the Policy as of either (i) the Plan Effective Date, if during the period of time between the Plan Effective Date and the Renewal Date, or (ii) the most recent 12 month anniversary of the Renewal Date.

Should any of the above occur and should we elect to change rates as a result, we agree to notify the Policyholder of the corresponding rate changes at least 120 days in advance of the Premium Due Date for which the rate change shall be effective. The right to change rates as well as the timing of such changes in the above limited situations shall at all times be subject to applicable state laws and regulations.

CONDITIONS FOR INSURANCE COVERAGE

ELIGIBILITY

ELIGIBLE CLASS FOR MEMBERS. The members of the eligible class(es) are shown on the Schedule of Benefits. Each member of the eligible class (referred to as "Member") will qualify for such insurance on the day he or she completes the required eligibility period, if any. Members choosing to elect coverage will hereinafter be referred to as "Insured."

Class Number 1

If employment is the basis for membership, a member of the Eligible Class for Insurance is any eligible salaried employee electing dental working at least 30 hours per week. If membership is by reason other than employment, then a member of the Eligible Class for Insurance is as defined by the Policyholder.

If both spouses are Members, and if either of them insures their dependent children, then the spouse, whoever elects, will be considered the dependent of the other. As a dependent, the person will not be considered a Member of the Eligible Class, but will be eligible for insurance as a dependent.

ELIGIBLE CLASS FOR DEPENDENT INSURANCE. Each Member of the eligible class(es) for dependent coverage is eligible for the Dependent Insurance under the policy and will qualify for this Dependent Insurance on the first of the month falling on or first following the latest of:

1. the day he or she qualifies for coverage as a Member;
2. the day he or she first becomes a Member; or
3. the day he or she first has a dependent. For dependent children, a newborn child will be considered an eligible dependent upon reaching their 3rd birthday. The child may be added at birth or within 31 days of the 3rd birthday.

COVERAGE FOR NEWBORN AND ADOPTED CHILDREN:

A newborn Child will be covered from the date of birth.

Coverage for a newborn Child shall consist of coverage for covered dental procedures needed as a result of congenital defects or birth abnormalities such as cleft lip, cleft palate and premature birth. This coverage is subject to applicable Deductibles, Coinsurance percentages, maximums and limitations.

The initial coverage provided newborn children shall continue for a period of at least 31 days. For coverage to continue beyond this initial 31-day period, You must notify Us of the birth of the newborn Child. You must also pay any additional premium required to keep the coverage in force. An additional premium for the initial period of coverage may be charged.

An adopted Child will be covered from the date You are a party to a suit seeking to adopt the Child. Any additional premium may be required.

A Member must be an Insured to also insure his or her dependents.

If employment is the basis for membership, a member of the Eligible Class for Dependent Insurance is any eligible salaried employee electing dental working at least 30 hours per week and has eligible dependents. If membership is by reason other than employment, then a member of the Eligible Class for Insurance is as defined by the Policyholder.

Any spouse who elects to be a dependent rather than a member of the Eligible Class for Personal Insurance, as explained above, is not a member of the Eligible Class for Dependent Insurance.

When a member of the Eligible Class for Dependent Insurance dies and, if at the date of death, has dependents insured, the Policyholder has the option of offering the dependents of the deceased employee continued coverage. If elected by the Policyholder and the affected dependents, the name of such deceased member will continue to be listed as a member of the Eligible Class for Dependent Insurance.

CONTRIBUTION REQUIREMENTS. Member Insurance: An Insured is required to contribute to the payment of his or her insurance premiums.

Dependent Insurance: An Insured is required to contribute to the payment of insurance premiums for his or her dependents.

SECTION 125. This plan is provided as part of the Employer's Section 125 Plan. Each Member has the option under the Section 125 Plan of participating or not participating in this plan.

If a Member does not elect to participate when initially eligible, the Member may elect to participate at a subsequent Election Period. This Election Period will be held each year and those who elect to participate in this plan at that time will have their coverage become effective on January 1.

Class 1

DENTAL EXPENSE BENEFITS

We will determine dental expense benefits according to the terms of the group policy for dental expenses incurred by an Insured. An Insured person has the freedom of choice to receive treatment from any Provider.

DETERMINING BENEFITS. The benefits payable will be determined by totaling all of the Covered Expenses submitted into each benefit type as shown in the Table of Dental Procedures. This amount is reduced by the Deductible, if any. The result is then multiplied by the Coinsurance Percentage(s) shown in the Schedule of Benefits. Benefits are subject to the Maximum Amount, if any, shown in the Schedule of Benefits.

BENEFIT PERIOD. Benefit Period refers to the period shown in the Table of Dental Procedures.

DEDUCTIBLE. The Deductible is shown on the Schedule of Benefits and is a specified amount of Covered Expenses that must be incurred and paid by each Insured person prior to any benefits being paid.

MAXIMUM AMOUNT. The Maximum Amount shown in the Schedule of Benefits is the maximum amount that may be paid for the Covered Expenses incurred by an Insured.

COVERED EXPENSES. Covered Expenses include:

1. only those expenses for dental procedures performed by a Provider; and
2. only those expenses for dental procedures listed and outlined on the Table of Dental Procedures.

Covered Expenses are subject to "Limitations." See Limitations and Table of Dental Procedures.

Benefits payable for Covered Expenses also will be based on the lesser of:

1. the actual charge of the Provider.
2. the usual and customary ("U&C") as covered under your plan, if services are provided by a Non Participating Provider.
3. the Maximum Allowable Charge ("MAC") as covered under your plan, if services are provided by a Participating Provider, who is a general dentist.

Usual and Customary ("U&C") describes those dental charges that we have determined to be the usual and customary charge for a given dental procedure within a particular ZIP code area. The U&C is based upon a combination of dental charge information taken from our own database as well as from data received from nationally recognized industry databases. Your Policyholder (in most cases your employer) has selected a percentile that will be used to determine the maximum U&C for your plan. The U&C is reviewed and updated periodically. The U&C can differ from the actual fee charged by the provider and is not indicative of the appropriateness of the provider's fee.

MAC - The Maximum Allowable Charge is derived from the array of provider charges within a particular ZIP code area. These allowances are the charges accepted by dentists who are Participating Providers. The MAC is reviewed and updated periodically to reflect increasing provider fees within the ZIP code area.

ALTERNATIVE PROCEDURES. If two or more procedures are considered adequate and appropriate treatment to correct a certain condition under generally accepted standards of dental care, the amount of the Covered Expense will be equal to the charge for the least expensive procedure. This provision is NOT intended to dictate a course of treatment. Instead, this provision is designed to determine the amount of the plan allowance for a submitted treatment when an adequate and appropriate alternative procedure is available. Accordingly, you

may choose to apply the alternate benefit amount determined under this provision toward payment of the submitted treatment.

We may request pre-operative dental radiographic images, periodontal charting and/or additional diagnostic data to determine the plan allowance for the procedures submitted. We strongly encourage pre-treatment estimates so you understand your benefits before any treatment begins. Ask your provider to submit a claim form for this purpose.

EXPENSES INCURRED. An expense is incurred at the time the impression is made for an appliance or change to an appliance. An expense is incurred at the time the tooth or teeth are prepared for a dental prosthesis or prosthetic crown. For root canal therapy, an expense is incurred at the time the pulp chamber is opened. All other expenses are incurred at the time the service is rendered or a supply furnished.

LIMITATIONS. Covered Expenses will not include and benefits will not be payable for expenses incurred:

1. in the first 12 months that a person is insured if the person is a Late Entrant; except for evaluations, prophylaxis (cleanings), and fluoride application.
2. for initial placement of any dental prosthesis or prosthetic crown unless such placement is needed because of the extraction of one or more teeth while the insured person is covered under this contract. But the extraction of a third molar (wisdom tooth) will not qualify under the above. Any such dental prosthesis or prosthetic crown must include the replacement of the extracted tooth or teeth.
3. for appliances, restorations, or procedures to:
 - a. alter vertical dimension;
 - b. restore or maintain occlusion; or
 - c. splint or replace tooth structure lost as a result of abrasion or attrition.
4. for any procedure begun after the insured person's insurance under this contract terminates; or for any prosthetic dental appliances installed or delivered more than 90 days after the Insured's insurance under this contract terminates.
5. to replace lost or stolen appliances.
6. for any treatment which is for cosmetic purposes.
7. for any procedure not shown in the Table of Dental Procedures. (There may be additional frequencies and limitations that apply, please see the Table of Dental Procedures for details.)
8. for orthodontic treatment under this benefit provision. (If orthodontic expense benefits have been included in this policy, please refer to the Schedule of Benefits and Orthodontic Expense Benefits provision found on 9260).
9. for which the Insured person is entitled to benefits under any workmen's compensation or similar law, or charges for services or supplies received as a result of any dental condition caused or contributed to by an injury or sickness arising out of or in the course of any employment for wage or profit.

10. for charges which the Insured person is not liable or which would not have been made had no insurance been in force.
11. for services that are not required for necessary care and treatment or are not within the generally accepted parameters of care.
12. because of war or any act of war, declared or not.

ORTHODONTIC EXPENSE BENEFITS

Class Number 1

Orthodontic expense benefits will be determined according to the terms of the policy for orthodontic expenses incurred by an Insured.

DETERMINING BENEFITS. The benefits payable will be determined by totaling all of the Covered Expenses submitted. This amount is reduced by the Deductible, if any. The result is then multiplied by the Coinsurance Percentage shown in the Schedule of Benefits. Benefits are subject to the Maximum Amount shown in the Schedule of Benefits.

DEDUCTIBLE. The Deductible is shown on the Schedule of Benefits and is a specified amount of Covered Expenses that must be incurred and paid by each Insured person prior to any benefits being paid.

MAXIMUM AMOUNT. The Maximum Benefit During Lifetime shown in the Schedule of Benefits is the maximum amount that may be paid for the Covered Expenses incurred by an Insured during his or her lifetime.

COVERED EXPENSES. Covered Expenses refer to the usual and customary charges made by a provider for necessary orthodontic treatment rendered while the person is insured under this section. Expenses are limited to the Maximum Amount shown in the Schedule of Benefits and Limitations. All benefits are subject to the definitions, limitations and exclusions and are payable only when we determine they are necessary for prevention, diagnosis, care or treatment of a covered condition and meet generally accepted dental protocols.

Usual and Customary (“U&C”) describes those dental charges that we have determined to be the usual and customary charge for a given dental procedure within a particular ZIP code area. The U&C is based upon a combination of dental charge information taken from our own database as well as from data received from nationally recognized industry databases. From the array of charges ranked by amount, your Policyholder (in most cases your employer) has selected a percentile that will be used to determine the maximum U&C for your plan. The U&C is reviewed and updated periodically. The U&C can differ from the actual fee charged by the provider and is not indicative of the appropriateness of the provider’s fee. Instead, the U&C is simply a plan provision used to determine the extent of benefit coverage purchased by your Policyholder.

ORTHODONTIC TREATMENT. Orthodontic Treatment refers to the movement of teeth by means of active appliances to correct the position of maloccluded or malpositioned teeth.

TREATMENT PROGRAM. Treatment Program ("Program") means an interdependent series of orthodontic services prescribed by a provider to correct a specific dental condition. A Program will start when the bands, brackets or appliances are placed. A Program will end when the services are done, or after eight calendar quarters starting with the day the appliances were inserted, whichever is earlier.

EXPENSES INCURRED. Benefits will be payable when a Covered Expense is incurred:

- a. at the end of every quarter (three-month period) of a Program for an Insured who pursues a Program, but not beyond the date the Program ends; or
- b. at the time the service is rendered for an Insured who incurs Covered Expenses but does not pursue a Program.

The Covered Expenses for a Program are based on the estimated cost of the Insured's Program. They are pro-rated by quarter (three-month periods) over the estimated length of the Program, up to a maximum of eight quarters. However, the first payment will be 25 percent of the total allowed Covered Expense. The last quarterly payment for a Program may be changed if the estimated and actual cost of the Program differ.

LIMITATIONS. Covered Expenses will not include and benefits will not be payable for expenses incurred:

1. for a Program on or after the Insured's 19th birthday.
2. for a Program begun before the Insured became covered under this section.
3. in the first 12 months that a person is insured if the person is a Late Entrant.
4. in any quarter of a Program if the Insured was not covered under this section for the entire quarter.
5. if the Insured's insurance under this section terminates.
6. for which the Insured is entitled to benefits under any workmen's compensation or similar law, or for charges for services or supplies received as a result of any dental condition caused or contributed to by an injury or sickness arising out of or in the course of any employment for wage or profit.
7. for charges the Insured is not legally required to pay or would not have been made had no insurance been in force.
8. for services not required for necessary care and treatment or not within the generally accepted parameters of care.
9. because of war or any act of war, declared or not.
10. To replace lost, missing or stolen orthodontic appliances.

EYE CARE EXPENSE BENEFITS

Class Number 3

If an Insured has Covered Expenses under this section, we pay benefits as described. The Insured can choose any provider at any time.

COVERED EXPENSES

Covered Expenses include the lesser of:

- a. the charge for the covered procedure furnished; or
- b. the Maximum Covered Expense for such services or supplies shown in the Schedule of Eye Care Services.

Covered Expenses are the eye care expenses incurred by an Insured for services or supplies. We pay up to the Maximum Covered Expense shown in the Schedule of Eye Care Services.

DEDUCTIBLE AMOUNT

The Deductible Amount is on the Schedule of Benefits. It is an amount of Covered Expenses for which no benefits are payable. It applies separately to each Insured. Benefits are paid only for those Covered Expenses that are over the Deductible Amount.

PARTICIPATING PROVIDERS

A Participating Provider is a provider who has agreed to participate in the VSP network and agrees to provide services and supplies to the Insured at a discounted fee. For questions related to providers or benefit payments, VSP's Customer Care Division is available at (800) 877-7195.

NON-PARTICIPATING PROVIDERS

A Non-Participating Provider is any other provider. Non-Participating providers may be referred to as Affiliate or Open Access Providers. Non-Participating Providers are not subject to our Quality Management Programs. Your out-of-pocket expenses may be greater when you visit a Non-Participating Provider. However, more cost savings or convenience may be available through VSP arrangements with Affiliate Providers. You may contact VSP's Customer Care Division for details at (800) 877-7195.

EYE CARE SUPPLIES

Eye care supplies are all services listed on the Schedule of Eye Care Services. They exclude services related to Eye Care Exams.

REQUEST FOR SERVICES

When requesting services, the Insured must advise the Participating Provider's office that he or she has coverage under this network plan. If the Insured receives services from a Participating Provider without this notification, the benefits may be limited to those for a Non-Participating Provider.

ASSIGNMENT OF BENEFITS

We pay benefits to the Participating Provider for services and supplies performed or furnished by them. When a Non-Participating Provider performs services, we pay benefits to the Insured unless arranged differently through an Affiliate or Open Access provider, or otherwise required by state regulation.

EXTENSION OF BENEFITS

If your policy terminates, we will pay claims for eye care services and supplies that you received or ordered prior to your policy's termination. (see Proof of Loss)

EXPENSES INCURRED

An expense is incurred at the time a service is rendered or a supply item furnished.

PROOF OF LOSS

Written proof of loss must be furnished to the insurer at its office in case of claim for loss for which this policy provides any periodic payment contingent upon continuing loss within ninety (90) days after the termination of

the period for which the insurer is liable and in case of claim for any other loss within ninety (90) days after the date of the loss. Failure to furnish the proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within the time; provided, that the proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one (1) year from the time proof is otherwise required.

LIMITATIONS

This plan has the following limitation:

Some brands of spectacle frames may be unavailable at all locations for purchase as Covered Expenses, or may be subject to additional out-of-pocket expenses. Insureds may obtain details regarding frame brand availability from their treating provider or by calling VSP's Customer Care Division at (800) 877-7195.

COORDINATION OF BENEFITS

The Coordination of Benefits (COB) provision applies if an Insured person has dental coverage under more than one **Plan**. **Plan** is defined below. All benefits provided under this policy are subject to this section.

The order of benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total **Allowable expense**.

DEFINITIONS

A. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

(1) **Plan** includes: group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

(2) **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage other than the medical benefits coverage in automobile "no fault" and traditional "fault" type contracts; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

B. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.

C. The order of benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health care coverage under more than one **Plan**.

When **This plan** is primary, it determines payment for its benefits first before those of any other **Plan** without considering any other **Plan's** benefits. When **This plan** is secondary, it determines its benefits after those of another **Plan** and may reduce the benefits it pays so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

D. **Allowable expense** is a health care expense, including deductibles, coinsurance and co-payments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an **Allowable expense**.

The following are examples of expenses that are not **Allowable expenses**:

- (1) If a person is covered by 2 or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.
- (2) If a person is covered by 2 or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.
- (3) If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.
- (4) The amount of any benefit reduction by the **Primary plan** because a covered person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

E. **Closed panel plan** is a **Plan** that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the **Plan**, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

F. **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more **Plans**, the rules for determining the order of benefit payments are as follows:

- A. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other **Plan**.
- B. (1) Except as provided in Paragraph B(2) below, a **Plan** that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both **Plans** state that the complying plan is primary.

(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.
- C. A **Plan** may consider the benefits paid or provided by another **Plan** in calculating payment of its benefits only when it is secondary to that other **Plan**.
- D. Each **Plan** determines its order of benefits using the first of the following rules that apply:

(1) Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent; and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, policyholder, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.

(2) Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan** the order of benefits is determined as follows:

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

The **Plan** of the parent whose birthday falls earlier in the calendar year is the **Primary plan**; or

If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.

(b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

(i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;

(ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;

(iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

(iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

The **Plan** covering the **Custodial parent**;

The **Plan** covering the spouse of the **Custodial parent**;

The **Plan** covering the **non-custodial parent**; and then

The **Plan** covering the spouse of the **non-custodial parent**.

(c) For a dependent child covered under more than one **Plan** of individuals who are the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.

(3) Active Employee or Retired or Laid-off Employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(4) COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(5) Longer or Shorter Length of Coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.

(6) If the preceding rules do not determine the order of benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

EFFECT ON THE BENEFITS OF THIS PLAN

A. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a covered person is enrolled in two or more **Closed panel** plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. The Company may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. The Company need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give the Company any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A Payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, the Company may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. The Company will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by the Company is more than it should have paid under this **COB** provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

GENERAL PROVISIONS

NOTICE OF CLAIM. Written notice of a claim must be given to us within 90 days after the incurred date of the services provided for which benefits are payable.

Notice must be given to us at our Home Office, or to one of our agents. Notice should include the Policyholder's name, Insured's name, and policy number. If it was not reasonably possible to give written notice within the 90 day period stated above, we will not reduce or deny a claim for this reason if notice is filed as soon as is reasonably possible.

CLAIM FORMS. When we receive the notice of a claim, we will send the claimant forms for filing proof of loss. If these forms are not furnished within 15 days after the giving of such notice, the claimant will meet our proof of loss requirements by giving us a written statement of the nature and extent of loss within the time limit for filing proofs of loss.

PROOF OF LOSS. Written proof of loss must be given to us within 90 days after the incurred date of the services provided for which benefits are payable. If it is impossible to give written proof within the 90 day period, we will not reduce or deny a claim for this reason if the proof is filed as soon as is reasonably possible, and in no event, except in the absence of legal capacity, later than one (1) year from the time proof is otherwise required.

TIME OF PAYMENT. We will pay all benefits immediately when we receive due proof. Any balance remaining unpaid at the end of any period for which we are liable will be paid at that time.

PAYMENT OF BENEFITS. Participating Providers have agreed to accept assignment of benefits for services and supplies performed or furnished by them. When a Non-Participating Provider performs services, all benefits will be paid to the Insured unless otherwise indicated by the Insured's authorization to pay the Non-Participating Provider directly.

FACILITY OF PAYMENT. If an Insured or beneficiary is not capable of giving us a valid receipt for any payment or if benefits are payable to the estate of the Insured, then we may, at our option, pay the benefit up to an amount not to exceed \$1,000, to any relative by blood or connection by marriage of the Insured who is considered by us to be equitably entitled to the benefit.

Any equitable payment made in good faith will release us from liability to the extent of payment.

PROVIDER-PATIENT RELATIONSHIP. The Insured may choose any Provider who is licensed by the law of the state in which treatment is provided within the scope of their license. We will in no way disturb the provider-patient relationship.

LEGAL PROCEEDINGS. No legal action can be brought against us until 60 days after the Insured sends us the required proof of loss. No legal action against us can start more than five years after proof of loss is required.

INCONTESTABILITY. Any statement made by the Policyholder to obtain the Policy is a representation and not a warranty. No misrepresentation by the Policyholder will be used to deny a claim or to deny the validity of the Policy unless:

1. The Policy would not have been issued if we had known the truth; and
2. We have given the Policyholder a copy of a written instrument signed by the Policyholder that contains the misrepresentation.

The validity of the Policy will not be contested after it has been in force for one year, except for nonpayment of premiums or fraudulent misrepresentations.

WORKER'S COMPENSATION. The coverage provided under the Policy is not a substitute for coverage under a workmen's compensation or state disability income benefit law and does not relieve the Policyholder of any obligation to provide such coverage.

GENERAL PROVISIONS (CONTINUED)

CONFORMITY WITH LAW. Any policy provision that conflicts with the laws of the state in which the policy is issued, when the policy is issued, is automatically changed to meet the minimum requirements of those laws.

ENTIRE CONTRACT. The policy and the application of the Policyholder constitute the entire contract between the parties. A copy of the Policyholder's application is attached to the policy when issued. All statements made by the Policyholder or an Insured will, in the absence of fraud, be considered representations and not warranties. No statement made to obtain insurance will be used to void the insurance or reduce the benefits of this policy unless it is in a written application signed by the Policyholder or Insured. A copy of this must have been given to the Policyholder or Insured.

No change in this policy will be valid unless approved in writing by one of our officers and given to the Policyholder for attachment to the policy. No agent has the authority to change this policy or waive any of its provisions. Any change in this policy will be valid even though an Insured may not have agreed to it.

INSURANCE DATA. The Policyholder will furnish, at our request, data necessary to administer this policy. The data will include, but not be limited to data:

- i. necessary to calculate premiums;
- ii. necessary to determine a person's effective date or termination date of insurance;
- iii. necessary to determine the proper coverage level of insurance.

We shall have the right to inspect any of the Policyholder's records we find necessary to properly administer this policy. Any inspections will be at a time and place convenient to the Policyholder.

We will not refuse to insure a person who is eligible to be insured just because the Policyholder fails or errs in giving us the data necessary to include that person for coverage. An Insured's insurance will not stay in force nor an amount of insurance be continued after the termination date, according to the Conditions for Insurance, because the Policyholder fails or errors in giving us the necessary data concerning an Insured's termination.

CERTIFICATES. We will issue certificates to the Policyholder showing the coverage under the policy. The Policyholder will distribute a certificate to each insured Member. If the terms of the certificate differ from the policy, the terms stated in the policy will govern.

PARTICIPATION REQUIREMENTS. There are two requirements that must be met in order for the policy to be placed in force, and to remain in force:

- a. a certain percentage of all Members qualified for insurance must be insured at all times; and
- b. a certain number of Members must be insured at all times.

The Participation Requirements are as follows:

Percentage of Members-	60%
Number of Members-	1152

TERMINATION OF THE POLICY. The Policyholder may terminate this policy as of any Premium Due Date by giving us written notice before that date.

We may terminate this policy on the earlier of:

1. any Premium Due Date if the participation of Insureds and/or Dependents does not meet the requirements in "Conditions For Insurance." Written notice of termination of insurance must be given to the Policyholder at least 45 days before the date of termination.
2. any Premium Due Date on or after the first policy year, for reasons other than lack of participation. Written notice of termination of insurance must be given to the Policyholder at least 60 days before the date of termination.

If any premium is not paid when due, this policy will automatically be terminated as of the Premium Due Date, except as stated below.

GRACE PERIOD. This policy has a 45 day grace period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following 45 days. During the grace period, the policy will stay in force. If the Policyholder has not sent us a written request to terminate the policy and a premium is not paid by the end of the grace period, the policy will terminate at the end of the grace period. If the Policyholder gives us written notice of termination before the Premium Due Date, the policy will be terminated as of the date requested. The Policyholder will be liable for any unpaid premium for the time this policy was in force, including the grace period.

CONSIDERATION. This policy is issued to the Policyholder in consideration of the application and the payment of premiums specified in this policy.

TERMS AND CONDITIONS. Payment of any benefit under this policy is subject to the definitions and all other terms of this policy pertinent to the benefit.

NOTICE OF DECISION OF CLAIM

We will evaluate your claim promptly after we receive it.

Dental Utilization Review Program. Generally, utilization review means a set of criteria designed to monitor the use of, or evaluate the medical necessity, appropriateness, or efficiency of health care services. We have established a utilization review program to ensure that any guidelines and criteria used to evaluate the medical necessity of a health care service are clearly documented and include procedures for applying such criteria based on the needs of the individual patients. The program was developed in conjunction with licensed dentists and is reviewed at least annually to ensure that criteria are applied consistently and are current with dental technology, evidence-based research and any dental trends.

We will provide you written notice regarding the payment under the claim within 30 calendar days following receipt of the claim. This period may be extended for an additional 15 days, provided that we have determined that an extension is necessary due to matters beyond our control, and notify you, prior to the expiration of the initial 30-day period, of the circumstances requiring the extension of time and the date by which we expect to render a decision. If the extension is due to your failure to provide information necessary to decide the claim, the notice of extension shall specifically describe the required information we need to decide the claim.

If we request additional information, you will have 45 days to provide the information. If you do not provide the requested information within 45 days, we may decide your claim based on the information we have received.

If we deny any part of your claim, you will receive a written notice of denial containing:

APPEAL PROCEDURE

If all or part of a claim is denied, you may request a review in writing within 180 days after receiving notice of the benefit denial.

You may send us written comments or other items to support your claim. You may review and receive copies of any non-privileged information that is relevant to your appeal. There will be no charge for such copies. You may request the names of the experts we consulted who provided advice to us about your claim.

The appeal review will be conducted by the Plan's named fiduciary and will be someone other than the person who denied the initial claim and will not be subordinate to that person. The person conducting the review will not give deference to the initial denial decision. If the denial was based in whole or in part on a medical judgment, including determinations with regard to whether a service was considered experimental, investigational, and/or not medically necessary, the person conducting the review will consult with a qualified health care professional. This health care professional will be someone other than the person who made the original judgment and will not be subordinate to that person. Our review will include any written comments or other items you submit to support your claim.

We will review your claim promptly after we receive your request.

If your appeal is about urgent care, you may call Toll Free at 877-897-4328, and an Expedited Review will be conducted. Verbal notification of our decision will be made within 72 hours, followed by written notice within 3 calendar days after that.

If your appeal is about benefit decisions related to clinical or medical necessity, a Standard Consultant Review will be conducted. A written decision will be provided within 30 calendar days of the receipt of the request for appeal.

If your appeal is about benefit decisions related to coverage, a Standard Administrative Review will be conducted. A written decision will be provided within 60 calendar days of the receipt of the request for appeal.

If we deny any part of your claim on review, you will receive a written notice of denial containing:

- a. The reasons for our decision.
- b. Reference to the parts of the Group Policy on which our decision is based.
- c. Reference to any internal rule or guideline relied upon in making our decision along with your right to receive a copy of these guidelines, free of charge, upon request.
- d. Information concerning your right to receive, free of charge, copies of non-privileged documents and records relevant to your claim.

- f. Information concerning your right to bring a civil action for benefits under section 502(a) of ERISA.

Certain state laws also require specified internal appeal procedures and/or external review processes. In addition to the review procedures defined above, you may also have additional rights provided to you under state law. Please review your certificate for such information, call us, or contact your state insurance regulatory agency for assistance. In any event, you need not exhaust such state law procedures prior to bringing civil action under Section 502(a) of ERISA.
